## NEW 144 – AUTO FERRIES DESIGN - BUILD CONTRACT NO. 00 - 6674

### Phase II - Technical Proposal Preparation

#### “KICK-OFF MEETING”

August 15, 2006

#### Agenda

1. **Greetings and introductions.** Please sign the registration form being circulated.
2. **Project Description:**
  - a. Design and build four (4) 144-auto, 1500-passenger double-ended ferry vessels for service on the existing western Washington ferry routes, using WSF furnished Propulsion Systems and Diesel Generators.
  - b. This procurement is following the process required by authority of RCW 47.60.810 through 47.60.822.
  - c. Phase II is starting in which qualified proposers may choose to prepare Technical Proposals.
  - d. WSF requirements are provided in the RFP Volumes issued on August 2, 2006, plus addenda as they are published. For Phase II, Volume II, “Technical Proposal Requirements,” and Volume IV, “Technical Specification” are most important.
  - e. WSF Representative is Dave Humphreys, Vessel Project Engineer. All communication and questions during Phase II shall be routed to the WSF Representative.
3. **Procurement Schedule:** Please see the handout.
4. **Owners Model Design:** The Owner’s Model Design is not part of the RFP and has no standing in the RFP or Contract. Three paper copies of the Design Report and Drawings, along with a CD ROM of all the appendices , plus hull form optimization studies and model tests reports, are available for study or use, at your own risk, to each proposer at the end of this meeting.
5. **Questions:** All questions must be in writing and submitted by email to [humphreys@wsdot.wa.gov](mailto:humphreys@wsdot.wa.gov) or by facsimile to (206) 515-3676.
6. **Optional Statements by Shipyard Proposer Representatives.**
7. **Adjourn.**
